

ELECTRIC WATER HEATER REBATE AGREEMENT

Member: _____ Account Number: _____

Mailing Address: _____

Brand of Water Heater: _____ Model Number: _____

Efficiency Factor: _____ Size (Gallons) of Water Heater: _____

To receive a rebate, a Park Electric Cooperative member agrees to the following conditions:

1. Purchase an electric resistant storage water heater with a minimum storage capacity of 50 gallons. The amount of the rebate for minimum Efficiency Factor (EF) ratings will be as follows:

Size (Gallons)	Minimum EF	Rebate Amount
50	.90	\$50
50	.92	\$100 (Proof of EF required)
60	.89	\$50
60	.92	\$100 (Proof of EF required)
80	.86	\$50
80	.92	\$100 (Proof of EF required)

2. Provide a copy of the invoice which must include place and date of purchase and the brand and model number of approved water heater.

3. Apply for the rebate within 30 days of the purchase of the water heater.

4. Agree to participate in future load control programs effecting water heaters so long as the program is designed to cause minimal inconvenience to the member.

5. Install the water heater in compliance with the National Electric Codes.

6. Hold the Cooepeative harmless from any and all liability arising from the installation and operation of the water heater.

I certify that the water heater was installed on the following date T_____ in Park Electric

Cooperative's service territory at the following address T_____

and it shall remain at the service for the life of the heater. I hereby grant Park Electric Cooperative or it agents the right to inspect the water heater.
