ELECTRIC WATER HEATER REBATE

To receive a rebate in the form of a bill credit, a Park Electric Cooperative member agrees to the following conditions:

1. Purchase an electric resistant storage water heater with a minimum storage capacity of 50 gallons. The amount of the rebate for minimum Efficiency Factor (EF) ratings will be as follows:

Size (Gallons)	Minimum EF	Rebate Amount
50	.90	\$50
50	.92	\$100 (Proof of EF required)
60	.89	\$50
60	.92	\$100 (Proof of EF required)
80	.86	\$50
80	.92	\$100 (Proof of EF required)

2. Provide a copy of the invoice which must include place and date of purchase and the brand and model number of approved water heater.
3. Apply for bill credit rebate within 30 days of the purchase of the water heater.
4. Agree to participate in future load control programs effecting water heaters so long as the program is designed to cause minimal inconvenience to the member.
5. Install the water heater in compliance with the National Electric Codes.
6. Hold the Cooperative harmless from any and all liability arising from the installation and operation of the water heater
