 (account will be credited 50% of the value up to \$75/unit. Please indicate type and manufacturer of unit.)

## INSTALLATION REQUIREMENTS

You must be able to check all boxes to be eligible for a rebate:

- Thermostat is installed in an existing home
- Thermostat meets the following criteria:
  - Does not control a cooling only system
  - Heat Pump thermostats must be programmed to optimize efficiency
  - Thermostat setting and operation are based on guidelines provided by Park Electric for optimal times of use and heating for the climate.
- I Have attached invoices justifying the quantity, price and purchase date of installed equipment and included a photo of the units after installation.

## ACKNOWLEDGMENT

By signing this, you certify that the smart/programmable thermostat was installed in Park Electric's service territory at the address listed above and it shall remain at the service for the life of the unit. I hereby grant Park Electric Cooperative or it's agents the right to inspect the thermostat. I acknowledge that Park Electric is in no way responsible for the replacement or repair of the unit.
